

Munster Bovine is Ireland's market leader in cattle breeding and herd management services. We offer a complete and integrated range of cattle breeding, milk recording, fertility and performance enhancing services for herd owners. Our aim is to be the trusted partner in genetics and decision support, adding measurable value for herd owners.

We currently have a vacancy for:

## Junior Data Analyst

### Purpose

To collect and analyse data to aid Munster Bovine in making well-informed business decisions.

### Core Responsibilities

- Using an array of data mining techniques to extract information from data sets and identify correlations and patterns
- Clean, collate, analyse, and interpret data from various sources to support business development.
- Organising and transforming information into comprehensible structures
- Using data to predict trends in the customer base and the consumer population as a whole
- Performing statistical analysis of data
- Using tools (Strong focus on Power BI required) and techniques to visualise data in easy-to-understand formats, such as diagrams and graphs
- Preparing reports and presenting these to management and the wider team
- Identifying and recommending new ways to enhance the business by spotting trends and changing / streamlining business processes
- Monitoring data quality and removing corrupt data
- Communicating with stakeholders to understand data content and business requirements

### Applicants for this position must have:

- Degree in Data Analytics, Business Intelligence, Maths or Computer Science or equivalent
- Experience or knowledge of networks, databases (ERP at a minimum, NetSuite / PowerBI desired) and other technology.
- Proficient in Excel,
- Experience in Python and/or R languages
- Knowledge of business intelligence reporting and reporting interface with ERP systems.
- Strong presentation, oral and written communication skills; experience of presenting to internal and external stakeholders
- Excellent analytical and problem-solving skills.
- Excellent communication skills.
- Results focused; competitive drive and ability to work under pressure
- Ability to prioritise and multi-task within the role.
- Great teamwork skills, to share responsibilities, confer with others, help others do their jobs, and seek help when needed.

**This position will require the candidate to have an onsite presence at our offices in Ballyvorisheen, Mallow. Co. Cork. There will be the opportunity for Hybrid working, 2 days from home and 3 days onsite, following the candidate completing their probationary period for the role.**

*Interested candidates should forward a copy of their cover letter and up-to-date CV in strictest confidence to HR Manager to [careers@munsterbovine.ie](mailto:careers@munsterbovine.ie) . Closing date 25<sup>th</sup> November 2022.*
